

ST ELECTRONICS (QATAR BRANCH) MEETS PRIME MINISTER LEE IN DOHA

The ST Electronics (Qatar Branch) flies the Singapore Flag high in Qatar. In addition to our commercial responsibilities, the ST Electronics Team is also playing an active social and cultural role in Qatar by helping new Singaporeans arriving in Qatar. A Singaporean society called the “Red Dotters @ Qatar” had been formed with our Ambassador as its patron. The society was officially launched by our Prime Minister, Mr. Lee Hsien Loong on 29 November 2006. ST Engineering is one of the main sponsors of the event and Mr Ian Lim, from STET was responsible for a very well received multi-media show.

The ST Electronics Team with PM
