

STET Maritime Awarded Management Contract by the Kuwait Security Decision Follow-up Committee (SDFC)

01 April 2011

STET Maritime has been awarded a 2-year Contract by the Kuwait Security Decision Follow-up Committee (SDFC) for the Management & Maintenance of the Coastal Protection Force Operations and Training in the Shuaiba Industrial Area.

The Kuwait Coastal Protection Force (CPF) has been operational in the State of Kuwait since 2008 and is a growing entity within the Shuaiba Industrial Area (SIA) as a Security Program under the Oil Sector Services Company (OSSC). The objective of the CPF is to monitor and identify potential maritime threats for effective respond to any given security incident through continuous show of presence.

STET Maritime CPF Project Team in Kuwait for the Management and Maintenance of the Coastal Protection Force Operations and Training

Under the Contract, STET Maritime would manage the Maritime Tactical Security Operations, Command and Control Centre Operations and Craft Maintenance of the Coastal Protection Force (CPF) in a coastal defensive role and enhance the Maritime Security Training and Development of the CPF personnel.
